Pudsey Marble

WELCOME TO PUDSEY MARBLE

At Pudsey Marble we are consistently endeavouring to be the UK's most innovative and comprehensive fireplace manufacturer. We are a family run business with over 25 years in the fireplace industry and we like to think of both our staff and our customers as an extension of the Pudsey Marble family.

Our primary aims at Pudsey are to provide our retail partners with unrivalled service and reliability, competitive pricing and the largest range of bespoke fireplaces of any UK manufacturer.

With a choice of over 25 materials and in excess of 100 fireplace designs across our ranges, you can be sure that whatever your customers' tastes, needs or requirements, Pudsey should be able to fulfil them.

WHY CHOOSE THE INSPIRATION RANGE?

We believe that whilst the gas fire industry appears to be taking great leaps forward, both in technology and design, it would seem that those who work in stone have their ways set in it. The vast majority of fireplace manufacturers seem happy to produce the same designs that have been around for the last 15 years and are available to buy from many other manufacturers. The result of this is that you the retailer have only one way to win business from your competitors....Price!

We are committed to providing our retail partners with exclusive and cutting edge designs that are only available through our authorised dealers and we do not believe that flooding the market with our product would ever be a wise decision.

So if you're looking to work with a manufacturer who can provide you with consistently positive dealer margins, a Bespoke Service, a Unique Product and an Exclusivity within your area, then look no further.

LET'S GET INSPIRATIONAL!

TRULY BESPOKE SERVICE

At Pudsey Marble we understand that each of your customer’s tastes and requirements are different and that each installation comes with its own set of challenges, which is why the majority of fireplaces leaving our factory are bespoke made to the specific requirements of each order. All of our fireplaces can be altered or adapted

to suit most types of fire and we do not penalise for small alterations in size or changes to rebates.

With that in mind please remember that the sizes adjacent are only a guide and that the overall size of a design is often dictated by the size of the fire you choose to feature.

IMPORTANT INFORMATION

Please be aware that the images of our fireplaces throughout this brochure are 3D digital representations of the surrounds we manufacture, they are as true to life as can be attained but are not real life photographs.

The fires and stoves pictured within our fireplaces are also digital representations. They are not associated to any

individual manufacturer and their purpose is to illustrate the various types and sizes of fires available throughout our industry.

Samples of the materials used throughout this brochure can be obtained by contacting our office or your area sales representative.

All images used throughout the brochure remain property of Pudsey Marble and under no circumstance should be reprinted or reproduced without first obtaining expressed consent from Pudsey Marble.
